## cross-stitch instructions

### SIZING

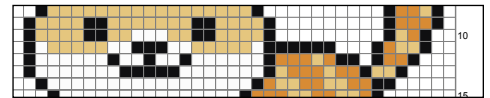

These patterns can be stitched on any size of aida cloth. Smaller count aida will produce a smaller finished design, and larger will produce a larger finished design.

- **14-count** aida is recommended for beginners, while **18-count** will make a less 'pixelated' looking design.
- Use **3 strands** of floss for 14-count, and **2 strands** of floss for 16 and 18-count.
- For this project, we're stitching with a tapestry needle, which has a blunt tip. Use a **size 24** needle for 14-count aida, and a **size 28** needle for 16 or 18-count.

### SUPPLIES

- ✓ Aida cloth
- ✓ Embroidery floss (DMC)
- ✓ Tapestry needle (24 or 28)
- ✓ Scissors
- ✓ Embroidery hoop
- ✓ This pattern

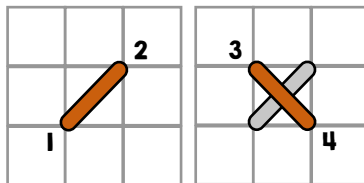

### PREP

- 1:** Fit cloth into hoop and **tighten screw** to fasten securely.
- 2:** Embroidery floss normally has 6 strands. Thread the needle with **3 strands** of your first color (if using 14-count aida) or **2 strands** (16 and 18-count aida).
- 3:** You do not need to tie a knot for cross-stitch. When you make your first stitch, simply pull your thread through to leave a **one-inch tail** at the back of the fabric. Work your first few stitches **over the tail** to secure it.

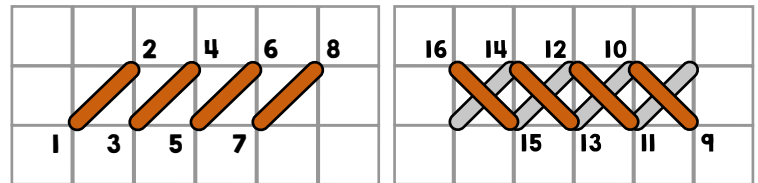

### STITCH!

We're only using one stitch for this project: a basic cross stitch.

Start by bringing your needle up through the back at **1** and then down in again at **2**

Yay! Let's make a row. ↪

### PATTERN

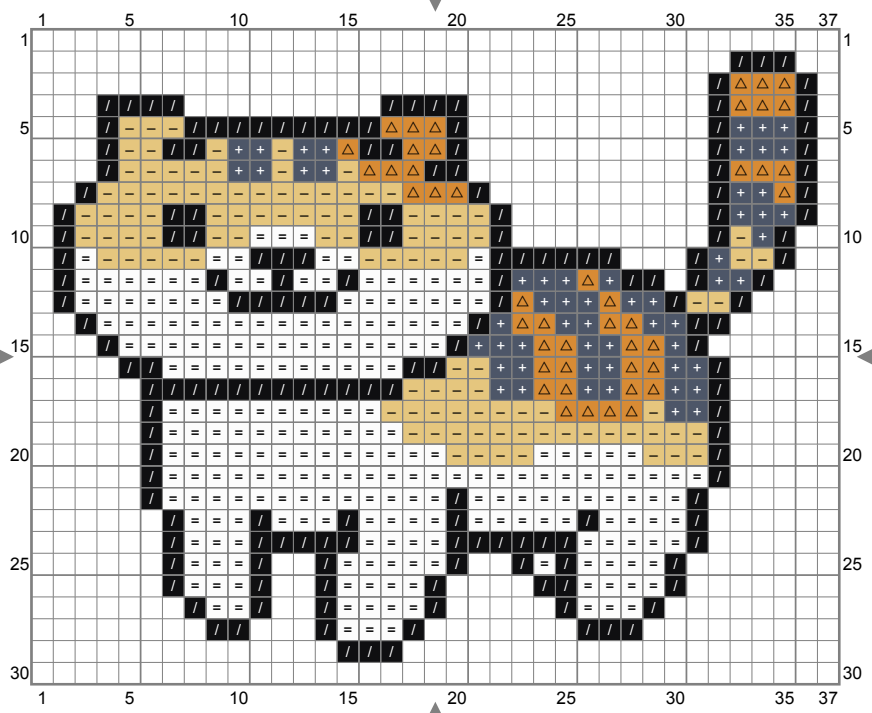

/ DMC 310  
(black)

- DMC 676  
(light old gold)

△ DMC 976  
(med golden brown)

= DMC WHITE  
(white)

+ DMC 413  
(dark pewter gray)

### HOT TIPS

✓ You'll save time by stitching **all of one color**, then moving to the next.

✓ Start by stitching all the **black** squares. Then you'll have an easy outline to fill in!

✓ If your thread gets twisted, **dangle it in the air**, needle end down, till it untwists.

✓ To finish, you can **trim** the excess cloth away, **tuck** it in, or **hot glue** a felt circle over the back of the hoop.
